

CHYHYRYN URBAN TERRITORIAL COMMUNITY UKRAINE

On behalf of the Chyhyryn Urban Territorial Community, I express my sincere respect and make a proposal to establish partnership relations between the municipalities of France and the Chyhyryn community.

We are sincerely grateful to France for its solidarity and support for Ukraine. We are convinced that friendly ties between Ukrainian and French communities contribute to the exchange of experience, the implementation of joint initiatives and open up new opportunities for the development of our communities. We strive to establish long-term cooperation based on the exchange of experience, mutual support and joint implementation of projects.

Within the framework of such a partnership with the French municipality, we are interested in cooperation in the following areas:

- preservation and popularization of historical and cultural heritage and tourism development;
- energy efficiency and use of renewable energy sources;
- youth, educational and cultural exchanges;
- rehabilitation and social support;
- preparation and implementation of joint projects within the framework of European programs and grant opportunities.

We already have positive experience of international cooperation. Since 2023, the Chyhyryn Urban Territorial Community has been developing partnership relations with the city of Mayen (Germany), which are based on mutual support, exchange of experience and implementation of joint initiatives. This experience confirms our openness to international partnership and readiness to develop new friendly ties.

The Chyhyryn community is located in the central part of Ukraine, in the Cherkasy region, and unites 25 settlements with a population of over 20 thousand inhabitants. Chyhyryn is a historical city that in the 17th century was the first capital of the Ukrainian Cossack state.

The community has rich cultural, natural and tourist potential. Unique monuments and tourist locations are located on its territory, in particular the National Historical and Cultural Reserve "Chyhyryn" and picturesque natural areas along the Dnieper River.

We are confident that this initiative will be the beginning of a long-term and mutually beneficial partnership between the Chyhyryn community and the French municipality.

Mayor

Viktor KHARCHENKO

Chyhyryn Urban Territorial Community,
Ukraine
